you

What are your plans for the next six months?
(Are you in school? Are you working? Are you traveling to europe?)

What are you passionate about? What brings you life?
(It's cool if you want to write "Jesus" but we're looking for something a little more specific:
something that God created you to love to do... besides music...)

Why do you want to play/sing in a band at branches?
(and lead people in worship?)

God

What/who is God, in your own words?
(Yes, we're getting spiritual now. Pretend we're an atheist as you write it out.)

Has God changed you as a person? How?
(In what ways have you moved toward being like Jesus?)

worship

What is worship?
(on a large scale.)

How can a community be led into your definition on a Sunday morning?
(Go ahead and think creatively.)

Jesus said a good tree produces good fruit. What is some fruit that you have produced?
(Don't be shy and don't worry about big fruits... little fruits are cool too.)

the skills

What are your musical skills?
(Go ahead and brag a little. If you are the next Chris Martin, we want to know!)

What are your musical weaknesses?
(Humble time...)
